

## SOUNDER

**The 4460 and 4461 range of electronic sounders has become the industry standard for use within fire alarm systems, intruder alarm systems and industrial signalling systems.**

High sound output. The rugged casing and encapsulated electronic provide a high degree of strength and waterproofing. 28 signal tones available. IP65 waterproof when used with deep base (art. 4461). Available in white ABS moulding (art 4460 W, art. 4461 W).

## DIMENSIONS

	4460	4461
<b>Material</b>	ABS plastic case	
<b>Connections</b>	Built in terminal blocks	
<b>Colours</b>	Red - White	
<b>Power Supply</b>	9 - 28 Vdc	
<b>Current Consumption</b>	8 mA @ 12 Vdc / 18 mA @24 Vdc	
<b>Sound Pressure</b>	93 dB @ 12 Vdc / 100 dB @ 24 Vdc	
<b>Available tones</b>	28 tones - selectable	
<b>IP Rating</b>	IP 54	IP 65
<b>Working Temperature</b>	-40° to +80° C	
<b>Package</b>	1 pcs.	
<b>Weight</b>	290 gr	311 gr
